

CLUBFINANCE CHARITABLE GIVING SCHEME

Clubfinance operates a commission rebating service, whereby Clubfinance customers receive a cash rebate of 75% of the ongoing commission (also known as trail or renewal commission) that Clubfinance receives as the intermediary for their investments (see Clubfinance's Terms of Business for more information).

By signing up to the Clubfinance Charitable Giving Scheme, you can donate this money to charity. You can select one of the three participating charities, or you can select all three, in which case your donation will be divided equally between the three charities.

Clubfinance will then further support the Charitable Giving Scheme by contributing a further 2.5% of commission received from your investments, making a total contribution of 77½p from each £1 of ongoing commission received.

DECLARATION

Please direct my future 75% annual commission rebates to the charity or charities I have indicated below.

This will apply to all investments where Clubfinance is my intermediary.

I will still receive a letter each year from Clubfinance setting out the commission received and donated.

CHARITIES (Please tick ONE box only)

Action for Children

Marie Curie Cancer Care

PDSA

Equal split between all 3 charities

Action for Children registered charity nos. 1097940 & SC038092; Company No. 4764232
