Applications will be made to the UK Listing Authority for the New Shares to be admitted to the Official List and to the London Stock Exchange for the admission of such New Shares to trading on its main market for listed securities. RISK FACTORS

Prospective investors should carefully review the following risks which the Directors of the Albion VCTs (the “Directors”) consider to be material at the date of this document in relation to the New Shares and, more generally, closed-ended investment funds of the same type and profile as the Companies.

Prospective investors should consult their stockbroker, bank manager, solicitor, accountant or other independent financial adviser authorised under the FSMA before investing in the New Shares.

General

Prospective investors should be aware that the value of shares in the Companies and the income from them can fluctuate. In addition, there is no guarantee that the market price of shares in the Companies (or shares in Venture Capital Trusts (“VCTs”) generally) will reflect their underlying net asset value (“NAV”). Past performance is not a guide to future performance. An investment in New Shares is only suitable for investors who are capable of evaluating the merits and risks of such investment and who have sufficient resources to be able to bear any losses that may arise (which may be equal to the whole amount invested).

Having regard to the Companies’ investment objectives and the tax reliefs available, the Companies should be considered as long-term investments. Investing in VCTs which themselves generally invest in smaller unquoted companies, carries particular risks. The Companies and their Directors consider the following risks to be material for potential investors, but the risks listed below do not necessarily comprise all those associated with an investment in the Companies and are not set out in any order of priority. Additional risks and uncertainties currently unknown to the Companies and their Directors (such as changes in legal, regulatory or tax requirements including retrospective changes) or which the Companies and their Directors currently believe are immaterial, may also have a material adverse effect on the financial condition or prospects of the Companies or the trading price of the New Shares.

Taxation risk

- It is the intention of the Directors and the Manager that the Companies will continue to be managed so as to qualify as VCTs. If a Company fails to meet the qualifying requirements for a VCT, this could result in:

(i) investors in that Company being required to repay the 30 per cent. income tax relief received on subscription for the New Shares;

(ii) loss of income tax relief on dividends paid (or subsequently payable) by that Company;

(iii) a potential liability to tax on capital gains on a disposal of New Shares; and

(iv) loss of tax relief previously obtained in relation to corporation tax on capital gains made by that Company.

Further details of the taxation implications of an investment in the Companies are given on page 9. Failure to meet the qualifying requirements could, in addition, result in a loss of the listing of the New Shares.

- The bases of UK government legislation (including taxation legislation) and EU legislation may change and such changes may be retrospective. The tax reliefs referred to in this document are those currently available and their value depends on the individual circumstances of investors.
- The definition of a VCT qualifying investment may change, and the conditions relating to the maintenance of that qualifying status may also be subject to alteration, which could impact on the level of each Company’s qualifying holdings.
- The sale of New Shares within 5 years of their subscription will result in some or all of the 30 per cent. income tax relief available upon acquisition of those New Shares becoming repayable. On this basis, investing in New Shares should be considered a long-term investment.
- Any realised losses on the disposal of New Shares cannot be used to create an allowable loss for capital gains tax purposes.

Investment risk

- The value of the New Shares may go down as well as up and investors may not receive back the full amount invested.
- The prices of New Shares under the Offer will be calculated at the latest announced NAV per share for each Company divided by 0.945 to cover the costs of the Offer. Where a Company’s share price as quoted on the London Stock Exchange is ex-dividend on allotment date, the NAV used for pricing under the Offer will be ex-dividend. Although the normal accounting policies of each Albion VCT will be followed for the production of the NAVs, these NAVs may be unaudited.
- No guarantee is given or implied that the investment objectives or the realisation strategies set by the Companies will be achieved. Furthermore, the Companies’ ability to obtain maximum value from their investments (for example through sale) may be limited by the requirements imposed in order to maintain the VCT status of the Companies (such as the obligation to have at least 70 per cent. by value of the investments in VCT qualifying investments).

- The Companies' investments are and will be in companies whose securities are not publicly traded or freely marketable and may, therefore, be difficult to realise and more volatile than the securities of larger, longer established businesses.
- Investee companies include younger, fast-growing, unquoted companies undergoing significant change. Such businesses are usually exposed to greater risks than lower growth businesses and therefore involve a higher degree of investment risk as they are more fragile and may not produce the hoped for returns.
- The success of some investments may be based on the ability of investee companies to establish, protect and enforce intellectual property rights, rights being broad enough to protect proprietary interests and not to infringe third party patents.
- A charge over an asset given to the Companies by a portfolio company may not provide full capital protection for an investment.
- A number of the Companies' investments may be sensitive to any further downturn in the economic environment.
- The current restriction on investment from new monies raised into companies having less than 50 full time employees, and the £2 million cap on the amount of funds that a company can raise from VCTs and Enterprise Investment Schemes within a 12 month period may, in certain cases, limit the ability to invest the net proceeds of the New Shares in new qualifying opportunities.
- Under the Prospectus Rules the Albion VCTs are not required to publish a full prospectus in connection with the Offer provided that the value of New Shares issued in any twelve month period does not exceed the lower of Euro 5 million and 10 per cent. of the issued share capital of the relevant VCT.

New Share liquidity risk

- Notwithstanding the details of the share buy-back policy and discount management arrangements described on page 8, although the New Shares will be listed on the Official List and traded on the London Stock Exchange, there may not be a liquid market in the New Shares and there may not be two competing market makers. It may, therefore, prove difficult to realise the investment. This factor may be exacerbated by the fact that any purchaser of existing shares in the Companies, as opposed to a subscriber for New Shares pursuant to the Offer, will not qualify for income tax relief at 30 per cent. of the amount invested.

Discount to Net Asset Value

- The market value and the realisable value of the New Shares are likely to fluctuate. Furthermore, as the shares of most VCTs trade at a discount to their underlying NAV and because there is normally a difference between the middle-market price and the price at which shares in VCTs can be sold (known as the "spread"), there is no guarantee that the market value of a share will fully reflect the underlying NAV per share.

Accounting policies

- Statements made in this document concerning returns to shareholders are based on current UK generally accepted accounting practice ("UK GAAP") or International Financial Reporting Standards ("IFRS"), as described in the accounting policies for each Company. UK GAAP and IFRS are subject to change. Any changes to UK GAAP or IFRS may affect the Companies' ability to provide returns to shareholders as envisaged in this document.

Dividends and income generated by the New Shares

- The Companies will only pay dividends on shares to the extent that they have distributable profits and cash available for that purpose. A reduction in income from the Companies' investments may adversely affect the dividend payable to shareholders. Such a reduction could arise, for example, from lower dividends or lower rates of interest paid on the Companies' investments, or lower bank interest rates than are currently available.

Offer Price

- Shareholders should note that the Offer Price will usually be in excess of the price at which shares in the Companies can be bought in the market. New Shares have the benefit of up-front income tax relief; shares bought in the market do not benefit from up-front tax relief, but do not carry the extended holding period requirement.

Dear Investor,

We are delighted to offer investors this opportunity to acquire New Shares in the seven Albion VCTs through the Albion VCTs Linked Top Up Offer 2011/2012.

The Offer is designed to provide investors with an investment in a broad, balanced portfolio of UK companies with no bank borrowings, producing a regular monthly dividend yield and the prospect of capital growth.

Amounts subscribed will be invested directly in each of the Albion VCTs in the ratio as described below. The minimum investment to the Offer is £10,000 and applications should be in multiples of £1,000.

The maximum amount to be raised under the Offer is £15 million.

The proceeds of the Offer will provide useful additional liquidity for the Companies and the ability to take advantage of appropriate investment opportunities that fall within the current VCT legislation, as well as helping fund Companies' annual running costs, market purchases of own shares and the payment of dividends.

Structure of the Albion VCTs Linked Top Up Offer 2011/2012

Seven of the Albion VCTs are seeking to raise up to £15 million under the Offer, before expenses. The maximum amount raised by each Company will be the lower of Euro 5 million and 10 per cent. of the issued share capital (including treasury shares), being the amount which they may raise under the Prospectus Rules without the publication of a full prospectus. These limits include any shares issued under dividend reinvestment schemes.

Subscriptions to the Offer will be divided in the ratio as set out in the table below:

Division of subscriptions	Percentage of subscription	Example of a subscription of £10,000
Albion Venture Capital Trust PLC	15%	£1,500
Albion Prime VCT PLC	10%	£1,000
Albion Development VCT PLC – Ordinary shares*	15%	£1,500
Albion Technology & General VCT PLC	15%	£1,500
Albion Income & Growth VCT PLC	15%	£1,500
Crown Place VCT PLC	15%	£1,500
Albion Enterprise VCT PLC	15%	£1,500
Total	100%	£10,000

* NOTE: Albion Development VCT PLC also has a separate class of D shares in issue which are not part of this Offer.

The Offer Price for each New Share will be based on the most recently announced NAV per share of the relevant Company, divided by 0.945 to allow for the issue costs. Where the share price for a Company has been declared ex-dividend on the London Stock Exchange, the NAV used for pricing under the Offer will be ex-dividend. The NAV per share will be rounded up to one decimal place. The number of shares issued will be rounded down to the nearest whole number. Fractional entitlements of less than £1 will be retained by the Companies. Fractional entitlements in excess of £1 will be refunded to investors' bank accounts. Investors will be issued share certificates in each Company (or their accounts will be credited under CREST). The NAV of each VCT is announced quarterly to the London Stock Exchange and can be found on the website www.albion-ventures.co.uk under the "Our Funds" section.

The Offer is not underwritten and there is no overall aggregate minimum subscription, so investors can be assured that the Offer will go ahead.

Investors will be eligible for the dividends paid by each VCT as determined by reference to the record date following allotment.

Early investment incentive

Investors who apply for the first £2.5 million worth of New Shares will be granted additional New Shares equivalent to one per cent. of the amount that they invested in the Offer. The costs of this early investment incentive will be paid by the Manager.

Intermediary commissions

Under the Offer, intermediaries can elect to receive a commission of either 3 per cent. of the amount introduced by them up-front with no trail commission, or 2 per cent. plus trail commission of 0.4 per cent. for 5 years, with the last payment being on 31 March 2017, provided that the intermediary continues to act for the shareholder. The cost of introductory and trail commissions will be borne by the Manager.

Investment by Directors and the Manager

The Directors of the Albion VCTs and the partners and staff of Albion Ventures have invested in excess of £2.5 million in the Companies to date and will be investing at least £150,000 in aggregate under the Offer.

Track record, current trading and prospects

The Albion team manages a total of approximately £228 million and over the past fifteen years the companies under Albion's management have returned in excess of £103 million in dividends and £34 million in share buy-backs as a result of an active policy of returning cash to shareholders.

Under the Offer, investors will have immediate access to a target dividend yield of around 5 per cent. per annum on amounts invested. These dividends are tax-free, and can be reinvested under the Dividend Reinvestment Schemes of each of the VCTs by ticking the relevant box on the application form. Reinvestment of dividends allows investors to obtain additional up-front tax relief on the amount of the dividend reinvested, provided that the sharers are held for a minimum of five years. Further details are shown on the web page for each VCT at www.albion-ventures.co.uk under the "Our Funds" section.

***Albion Ventures took over the management of this fund in April 2005.

Each £1 invested (or 94.50 pence after Offer costs) in the 2010/2011 Albion VCTs Linked Top Up Offer has received 4.35 pence in dividends since investment (assuming investment 7 January 2011). The investment has recorded a 10 month total return of 2.5 per cent.

Details regarding the financial performance of each Albion VCT, including the most recent Chairman's statement for each VCT can be found on the website www.albion-ventures.co.uk under the "Our Funds" section.

Investment strategies

Funds raised under the Offer will be allocated to each of the seven Companies on the basis set out on page 6. The funds will then be invested by Albion Ventures LLP in accordance with the Companies' existing investment policies.

Through investment in the Albion VCTs Linked Top Up Offer 2011/2012, investors will have exposure to around 60 UK based small unquoted companies, most of which are co-invested across a number of the Albion VCTs. This will give investors the opportunity to participate in a balanced portfolio, the majority of which are asset-backed investments providing an income stream, combined with investment in a smaller number of non asset-backed companies with greater growth prospects.

As at 30 September 2011, across the seven VCTs, asset-backed investments (with first ranking security) accounted for around 57 per cent. of the portfolio and around 19 per cent. was held as cash, with the balance of 24 per cent. of the portfolio in investments with higher growth potential. Details of each VCT's investment policy can be found in the relevant fund factsheet on the Albion Ventures website www.albion-ventures.co.uk under the "Our Funds" section.

In order to reduce investment risk, approximately 60 per cent. of investments made by Albion Ventures are in the form of loan stock, and the Albion VCTs have a policy that investee companies should not have external bank debt with a charge or security ranking ahead of the Companies.

The Manager continues to see an encouraging number of new investment opportunities at attractive valuations in a variety of areas, especially in the healthcare and environmental sectors.

Share buy-back policy and discount management

The Boards of the seven Albion VCTs included in the Offer have established policies to buy back shares in the market, subject to the overall constraint that such purchases are in each Company's interest, including the maintenance of sufficient resources for investment in existing and new investee companies, and the continued payment of dividends to shareholders. It is the stated intention of the Companies that the discount to NAV at which they buy back shares is in the region of 10-15 per cent. so far as market conditions and liquidity permit.

Offer costs

The costs of the Offer are limited to 5.5 per cent. of the amounts raised, out of which the Manager will pay any early investment incentive costs and introductory commission payable to authorised independent financial intermediaries. These commissions will typically be 3 per cent. on the amount of successful subscriptions submitted through the intermediaries, or 2 per cent. plus trail commission of 0.4 per cent. for five years until 31 March 2017.

For each of the seven Albion VCTs, the ratio of total normal annual running costs to net assets will be limited to 3.5 per cent., with any excess being borne by the Manager through a reduction in its management fee.

Application procedure

Application forms are attached at the end of this document together with explanatory notes. The Terms and Conditions of subscription for the New Shares under the Offer are set out on pages 10 to 11.

TAX BENEFITS FOR VCT INVESTORS

The following paragraphs are intended as a general guide only and are based on current legislation and HM Revenue & Customs (HMRC) practice, which is subject to change. If you are in any doubt as to your tax position or you are subject to tax in a jurisdiction outside the UK, you should consult an appropriate professional adviser without delay.

In the current tax year, VCTs offer the following strong income and capital gains tax advantages in respect of investments of up to £200,000 per person per tax year:

- Income tax relief at 30 per cent. for tax-paying investors on the amount invested under the Offer, irrespective of the investor's marginal rate of income tax.

This reduces the effective net cost of the investment to 70 pence for each £1 invested, provided the New Shares are held for at least five years from investment. The relief is limited to an amount that reduces the investor's income tax liability for the year to nil:

- Dividends paid by a VCT are free of income tax:
- There is no tax on capital gains made upon the disposal of shares in a VCT (losses are not allowable capital losses):
- Capital gains made by a VCT on its underlying investments are free of corporation tax and, unlike an ordinary investment trust, these gains may be distributed by way of dividend to investors (again free of income tax).

The example below demonstrates, for illustrative purposes only, the financial effects of the tax incentives available to a private investor in a VCT and the extent to which the return on both income and capital may be enhanced. The example shows the return from an investment in a VCT by a higher rate income tax payer, even if the New Shares show no capital growth on the Offer Price.

Financial effects of the tax incentives	The return for a higher rate income taxpayer investing in the Companies
Amount invested (gross of 5.5 per cent. costs)	£10,000
Effective holding cost after 30 per cent. income tax relief	£7,000
Income Return	
Average annual dividend of 5 pence per £1 invested.	£500
Annual return on effective holding cost	7.1%
Equivalent annual return grossed up for a higher rate income taxpayer	11.1%

Underlying assumptions relating to the table

- The investor disposes of his New Shares after five years at the original cost to the investor. Investors should note, however, that venture capital investments should

be made for the longer term, and that parts of the portfolio, in particular those in the technology sector, are unlikely to mature within a five year timescale.

- The higher rate investor pays tax on dividends at 36.1 per cent.

The Manager considers that the assumptions underlying the example set out above are fair and reasonable. Nevertheless, the example is provided for illustrative purposes only and should not be regarded as a forecast of dividends or profits. It should be noted that neither the dividends nor the capital return from an investment in the Companies can be predicted with any certainty and that they may differ materially from the example shown.

Other information regarding tax reliefs

- To obtain VCT status a company must continue to be approved by HMRC as a VCT. The Companies have conducted, and continue to conduct their affairs so as to enable HMRC approval to remain in place.
- Individuals must be aged 18 or over to qualify for VCT tax reliefs and there is a limit of up to £200,000 p.a. for investment in VCTs.
- Up-front tax relief is given through a deduction from the investor's income tax liability and is restricted to the amount which reduces that liability to nil. The subscription must be made in the investor's own name and not through a nominee, although the shares may subsequently be transferred into the name of a nominee.
- In order to qualify for these reliefs, New Shares should not be sold within 5 years of allotment.
- Loss of tax reliefs by a VCT could result in a clawback of all or some of these tax reliefs from investors as described in the Risk Factors section on page 4.
- Reclaiming tax relief in respect of a VCT investment can be done through your self assessment tax return or by writing to your tax office and enclosing a copy of your VCT tax certificate – the tax relief will be applied through a change to your PAYE tax code – or by way of a refund of tax by HMRC.
- Non-resident investors should seek their own professional advice as to the consequences of making an investment in the Companies as they may be subject to tax in another jurisdiction.
- Shareholders should note that nominees cannot obtain up-front tax relief. Applications must be made in the name of an individual.
- Tax rules for investment by the Albion VCTs – details can be found in the relevant Company fund factsheet on the Albion Ventures website www.albion-ventures.co.uk under the "Our Funds" section.

TERMS AND CONDITIONS

(a) The right is reserved by Albion to present all cheques and bankers' drafts for payment on receipt and to retain surplus application monies pending clearance of successful applicants' cheques. Albion also reserves the right to reject, in whole or in part, any application. If any application is not accepted in full or if any contract created by acceptance does not become unconditional, the application monies or, as the case may be, the balance thereof will be returned by crossed cheque in favour of the applicant, through the post at the risk of the person entitled thereto.

(b) The right is reserved by the Companies to allot New Shares, for which valid applications under the Offer have been received, at any time up to the final closing date of the Offer.

(c) By completing and delivering an Application Form you:

(i) Offer to subscribe for the number of New Shares calculated by dividing the investment amount as specified in your Application Form (or such lesser amount for which your application is accepted) in the ratio as described on page 6, and, for the amounts allocated to each of the Albion VCTs, dividing this sum by the Offer Price relevant to the respective Albion VCT for each New Share on the terms of and subject to this document, including these terms and conditions, and the Memorandum and Articles of Association of the Companies. The Offer Price for each Albion VCT is calculated by dividing the most recently announced NAV per share of the relevant Company by 0.945 to allow for issue costs. Where the Company's share price as quoted on the Stock Exchange is ex-dividend on the allotment date, the NAV used for calculating the Offer Price will be ex-dividend.

(ii) agree that, in consideration of the Companies agreeing that they will not issue or allot any New Shares which are subject to the Offer to any person other than by means of the procedures referred to in this document, your application shall not be revoked until after 5 April 2012, and this paragraph shall constitute a collateral contract between you and the Companies which will become binding upon despatch by post to, or (in the case of delivery by hand) on receipt by Albion, of your Application Form;

(iii) warrant that your remittance will be honoured on first presentation and agree that if it is not honoured you will not be entitled to receive a share certificate or have your CREST account credited in respect of the New Shares applied for unless and until you make payment in cleared funds for such New Shares and such payment is accepted by the Companies in their absolute discretion (which acceptance may be on the basis that you indemnify it against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation) and you agree that, at any time prior to the unconditional acceptance by the Companies, they may (without prejudice to other rights) avoid the agreement to allot such New Shares and may allot such New Shares to some other person, in which case you will not be entitled to any payment in respect of such New Shares;

(iv) agree that, in respect of those New Shares for which your application has been received and is not rejected, acceptance of your application shall be constituted, at the election of Albion either (i) by notification to the UK Listing Authority of the basis of allocation (in which case acceptance shall be on that basis) or (ii) by notification of acceptance thereof by Albion;

(v) agree that any monies returnable to you may be retained by Albion pending clearance of your remittance and the completion of any verification of identity required by the Money Laundering Regulations 2007 (the "Regulations") and that such monies will not bear interest;

(vi) subject as provided in paragraphs (iii), (iv) and (v) above, authorise Albion to send a share certificate or arrange for your CREST account to be credited in respect of the number of New Shares for which your application is accepted and/or to send a crossed cheque for any monies returnable, by post, at the risk of the person entitled thereto, to the address of the person named as the applicant in the Application Form;

(vii) warrant that if you sign the Application Form on behalf of somebody else you have due authority to do so on behalf of that other person and such person will also be bound accordingly and will be deemed also to have given the confirmations, warranties and undertakings contained herein and undertake to enclose your power of attorney or a copy thereof duly certified by a solicitor with the Application Form;

(viii) agree that all applications, acceptances of applications and contracts resulting therefrom under the Offer shall be governed by and construed in accordance with English law, and that you submit to the jurisdiction of the English Courts and agree that nothing shall limit the right of the Companies to bring any action, suit or proceedings arising out of or in connection with any such applications, acceptances of applications and contracts in any other manner permitted by law or in any court of competent jurisdiction;

(ix) confirm that in making such application you are not relying on any information or representation in relation to the Companies other than the information contained in this document and accordingly you agree that no person responsible solely or jointly for this document or any part thereof or involved in the preparation thereof shall have any liability for any such other information or representation;

(x) authorise Albion, or any persons authorised by it, as your agent, to do all things necessary to effect registration of any New Shares subscribed by you into your name or into the name of any person in whose favour the entitlement to any such New Shares has been transferred and authorise any representative of Albion to execute any document required therefore;

(xi) agree that, having had the opportunity to read this document, you shall be deemed to have had notice of all information and representations concerning the Companies contained therein;

(xii) confirm that you have read the restrictions contained in paragraphs (e) and (f) below and warrant as provided therein;

(xiii) warrant that you are not under the age of 18;

(xiv) agree that all documents and cheques sent by post to, by or on behalf of the Companies or Albion, will be sent at the risk of the person(s) entitled thereto; and

(xv) agree that future dividend payments in respect of New Shares subscribed for will be paid direct into your bank or building society account.

(d) It is a term of the Offer that, to ensure compliance with the Regulations, Albion may at its absolute discretion require verification of identity from any person lodging an Application Form (the "Applicant") and, without prejudice to the generality of the foregoing, in particular any person who either (i) tenders payment by way of a Building Society cheque or bankers' draft drawn on an account in the name of a person or persons other than the Applicant, (ii) appears to be acting on behalf of some other person or (iii) who subscribes for in excess of the sterling equivalent of Euro 15,000 (under the Regulations). In these cases, verification of the identity of the Applicant or of any person on whose behalf the Applicant appears to be acting, may be required. In addition, Albion may use the services of a credit reference agency, which will record that an enquiry has been made.

If within a reasonable period of time following a request for verification of identity and in any case by no later than 3.00 p.m. on the relevant date of allotment Albion has not received evidence satisfactory to it as aforesaid, Albion, at its absolute discretion, may reject any such application in which event the remittance submitted in respect of that application will be returned to the Applicant (without prejudice to the rights of the Companies to undertake proceedings to recover any loss suffered by them as a result of the failure to produce satisfactory evidence of identity).

Where possible, applicants should make payment by their own cheque. If a bankers' draft or building society cheque is used, the Applicant should:

(i) write his/her name and address on the back of the draft or cheque and, in the case of an individual, record his/her date of birth against his/her name; and

(ii) ask the bank or building society (if relevant) to endorse on the reverse of the draft or cheque the full name and account number of the person whose account is being debited and stamp such endorsement.

The above information is provided by way of guidance to reduce the likelihood of difficulties, delays and potential rejection of an Application Form (but without limit Albion has the right to require verification of identity as indicated above).

The completion by an authorised financial intermediary of the agent's box on the Application Form, confirms that the requirements of the Regulations for the identification and verification of the applicant have been complied with by the intermediary.

(e) No person receiving a copy of this document or an Application Form in any territory other than the United Kingdom may treat the same as constituting an invitation or offer to him or her, nor should he or she in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to him or her or such Application Form could lawfully be used without contravention of any registration or other legal requirements. It is the responsibility of any person outside the United Kingdom wishing to make an application hereunder to satisfy himself or herself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities required to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.

(f) The New Shares have not been and will not be registered under the United States Securities Act 1933 (as amended) and, subject to certain exceptions, the New Shares may not be offered, sold, renounced, transferred or delivered, directly or indirectly, in the United States or to any person in the United States. Persons subscribing for New Shares shall be deemed, and (unless the Companies are satisfied that New Shares can be allotted without breach of United States security laws) shall be required, to represent and warrant to the Companies that they are not a person in the United States and that they are not subscribing for New Shares for the account of any such person and will not offer, sell, renounce, transfer or deliver, directly or indirectly, such New Shares in the United States or to any such person. As used herein, "United States" means the United States of America (including each of the States and the District of Columbia), its territories or possessions or other areas subject to its jurisdiction. In addition, the Companies have not been and will not be registered under the United States Investment Company Act of 1940, as amended. Albion is not registered under the United States Investment Advisers Act of 1940, as amended.

(g) Applicants are encouraged to submit their Application Forms early in order to be confident that their applications will be successful. In the event that applications are received for an amount in excess of the maximum subscription under the Offer, the Directors reserve the right to exercise their discretion in the allocation of successful applications although the allocation will usually be on a first come first served basis. The right is also reserved to reject in whole or in part any application or any part thereof and to treat as valid any application not in all respects completed in accordance with the instructions relating to the Application Form.

(h) Save where the context otherwise requires, words and expressions defined in this document have the same meaning when used in the Application Form and any explanatory notes in relation thereto.

It is essential that you complete all parts of the Application Form in accordance with the following instructions. Authorised financial intermediaries MUST read Sections 4 and 5 of these notes.
